WAVE OF ENTHUSIASM SWEEPS OVER NATION

Thousands Write Grateful Letters of Appreciation as Famous Medicine Continues to Accomplish Remarkable Results—Great Tanlac Laboratories Running at Top Speed to Supply Record Breaking Demand—Over Half a Million Bottles Behind With Orders.

By CHARLES MURRAY GILBERT

ATLANTA, Ga., September 8.—"Tanalac made me feel younger," "It put me back on the payroll," "I now have a fine appetite," "I can eat whatever I want," "No more dyspepsia for me," "I gained weight rapidly." These and scores of like expressions are now heard daily from tens of thousands, as grateful users of Tanlac tell of their experiences.

Leading drug men of the country are amazed at the tremendous sales of Tanlac, and point out enthusiastically that nothing has ever equalled the phenomenal demand for his preparation.

At the great Tanlac laboratories at Dayton, Ohio, letters and telegrams are pouring in daily asking that shipments of Tanlac be rushed at once. Many of these orders are for full carload shipments, and quite a few of them for two and three carloads. Although running at top speed, the Tanlac laboratories are now over half a million bottles, or approximately twenty-four carloads behind with orders. This announcement will no doubt be received with great surprise in the drug world, because business in many lines, especially in the drug and medicine business, has been off from 40 to 50 per cent.

Agents In Every Town

One druggist in every city, town and village in the United States and Canada where agencies have not already been established will be awarded the exclusive publicity agency for Tanlac within the next thirty days. These agencies will carry with them a big publicity campaign exclusively for the one druggist in each city and town who secures the agency.

Tanalac is going right ahead more vigorously than ever before. For Tanlac there is no such thing as business depression. In fact, Tanlac does not believe there is such a thing as hard

times; at least, not in the drug business. Things are getting better every day. In a few weeks' time crops will begin to move. Hundreds of millions of dollars will be put into circulation, and business will soon be back on a better and sounder basis than in years.

Notice to Dealers

Many wholesalers and manufacturers stopped pushing at the very first sign of a dark cloud. The result being that many drug lines slumped. Tanlac went right ahead and the result has been that more Tanlac has been sold during the first six months of the present year than in any corresponding period in the past.

Line up with Tanlac. Connect with a product that sells no matter how the times, because of its superior merit. Although Tanlac has been on the market over six years, it is an actual fact that more Tanlac is being sold today with the same amount of advertising than during any time in the past.

Tanalac will not only prove your greatest seller for this year, but for many years to come. Tanlac is sold by reliable druggists everywhere.
